

Setting the Standard in Family Medicine

Lakeshore Clinic is dedicated to providing the best care in family and internal medicine. We have been providing services to the Eastside community over the past 50 years, with clinic locations in Bothell and Totem Lake (Kirkland), Washington. Some of the many services offered are:

- ❖ Allergy Management
- ❖ Biopsies and Minor Procedures
- ❖ Chronic Illness Care
- ❖ Diabetes Management (NCQA Certified)
- ❖ Health Maintenance for Adults & Children
- ❖ Hospital & Nursing Home Care (if desired)
- ❖ Nutrition & Diabetic Counseling
- ❖ On-site Lab, X-ray, Ultrasound, and DEXA
- ❖ On-site EKG, Spirometry, and Bladder Scans
- ❖ Pediatric Care – from Birth to Adolescence
- ❖ Podiatry and Foot Care including Surgery
- ❖ Pulmonary and Respiratory Care
- ❖ Sports Medicine
- ❖ Vasectomy, IUD Insertion, Colposcopy
- ❖ Women's Health Care

FULL AND PART TIME PRIVATE PRACTICE OPPORTUNITIES

The practice is physician owned and operated. We have a diverse group of physicians dedicated to primary care and the community they live in. Physician tenure with Lakeshore ranges from 6 to 32 years. We are one of the few private practices with a fully implemented Electronic Medical Record system and we are moving towards patient electronic access.

Some of the many benefits of joining a physician owned group include:

- ❖ Flexibility in scheduling
- ❖ Active participation in decision making for your practice
- ❖ Early implementation of new standards of care and strategies
- ❖ Improved community involvement as an employer
- ❖ Participation in our quality assurance process
- ❖ Input into hiring
- ❖ Control over facility issues

Not only will you enjoy the benefits that our group can offer, but you will also have access to the Seattle area with many cultural opportunities, music, art, theater, and museums. Year around recreational activities abound. Excellent public and private schools, including University of Washington campuses, make this an ideal family location.
